TENANTS & CONDO OWNERS

What is a commercial office warranty?

A commercial office warranty gives you security and peace of mind when major office systems and appliances break due to normal wear and tear. The warranty reduces financial risk, downtime, and personal stress associated with these repairs. OfficeGUARDIAN Warranty Plans go even further by offering a broad range of office care and preventative maintenance services, which free up both time and money so you can focus on running your business.

What does my OfficeGUARDIAN Warranty Plan cover?

With OfficeGUARDIAN, you can rest assured your office is in good hands. Not only do our plans cover your appliances and office systems that break down, but we remove even more of the hassles of maintenance with services such as carpet cleaning, window washing, and pest control. Call one of our knowledgeable sales associates at 1-800-508-1850 or visit www.officewarranty.com for more details.

LANDLORDS & PROPERTY MANAGERS

How can a commercial office warranty benefit me?

Commercial office warranties give you much more than peace of mind regarding repairs and maintenance. An OfficeGUARDIAN Warranty can actually help you make money: offices with a commercial office warranty rent faster and yield a higher annual lease rate. In fact, an OfficeGUARDIAN Warranty may even pay for itself, since the increase in the annual lease rate may completely cover the cost of the OfficeGUARDIAN Warranty. What's more, office warranties also increase tenant satisfaction and lease renewals.

OfficeGUARDIAN protects your property 24/7/365, whether your building is occupied or vacant. When you have a tenant, you will not have to worry if they are failing to perform necessary services or choosing disreputable contractors who may actually cause harm to your building's systems. OfficeGUARDIAN also protects you from unnecessary disputes with your tenants over expensive system repairs. No one likes confrontations, and OfficeGUARDIAN stops them before they ever occur.
